

PSB Course on Biological Small Angle Scattering with X-Rays and Neutrons January 11th-13th 2010

The aim of this course is to present to students and post-docs of the PSB partners, EMBL, ESRF, IBS, ILL and UVHCI, the possibilities afforded by X-ray and Neutron Small Angle Scattering (SAXS and SANS) in biology and to allow them to become proficient in data collection and analysis.

There are a limited number of places available for the tutorial sessions although the lectures on January 11th are open to all.

January 11th Lectures
January 12th Tutorials
January 13th Tutorials

To register for this course please email Phil Callow (callow@ill.fr).

Application deadline: January 6th

Organisers: P. Callow (ILL), A. Round (EMBL), F. Gabel (IBS), J. Zaccai (IBS)
